Spoke regarding homelessness in Folsom which is not a crime itself but a social issue but many of these people do commit crimes and there is no agency to deal with it.

The police can be reactive to this demographic where crimes, drug use and burglaries occur.

They tend to congregate in Folsom parks. If you see people exhibiting suspicious behavior you are encouraged to call the non-emergency line 355-7231. They don't have to be committing a crime to call this line.

When calling this line, strive to do your best to articulate the suspicious behavior well. The dispatcher provides great customer service but have so many calls, they will grill you with questions that help you to articulate what you see before deciding if the call warrants the police dispatch to the scene.

Ernie announced his desire to launch "Project Vision" with a goal of obtaining \$1 million fund for use in crisis management to help support clubs in need.
