### **New Business**

#### **Folsom First and Service Delivery Plan.**

(Special guests from Parks Commission: Robert Goss, Will Kempton, Leslie Storz, Dave Benevento) Derik Perez (Parks)

- Items discussed in general:
- Folsom kids being displaced by non Folsom residents for reasons of competitiveness
- Recreation programs vs. non- rec programs and the priority scheduling tier system assigned to rec vs non rec.
- MOU's and some policy's more than 10 years old. Need to be updated
- Some comp programs offer higher competitive training and league games, but the organization as a whole is run more like a rec system (no cuts, no paid coaches etc) is it fair to put them into tier 2? (Fusion)
- Soccer has both rec and comp, and does not like being in two separate tiers, but comp soccer does cut. There is some confusion on how teams like soccer/fusion etc. will ultimately fit in the system.
- Popular consensus was Folsom 1<sup>st</sup> by team, and not by overall organization
- Robert Goss took lots of notes. Will there be an update?

#### **Veterans Day Parade recap**

- 3000+ participants and 7000+ attendance. No major issues, and it was again considered a success.
- Jack to donate remaining hot dogs to FHS for football playoffs
