Let's wake up the holiday happiness!

Powerhouse Ministries Senior Gift Bag Program

Since 2017, our community has stepped up to serve hundreds of seniors in need. Covid has made these situations even more intense. We've already identified 300 seniors experiencing isolation, health issues or are homebound and we've come up with a SAFE and SIMPLE way to give this Christmas! It's the Senior Gift Bag Program!

How does the program work?
Families, students, organizations and businesses create individual gift bags. Referring agencies pair seniors with our program and our team delivers the bags.

What goes in a bag?:
Check out the list of suggested items on the back of this flyer. Seniors also appreciate handwritten notes and pictures and we ask for you to include a self addressed stamped envelope so the senior can write a thank you.
